

Guideline of Trading Suspension -ver. 1.0-

Update: 22nd February 2016

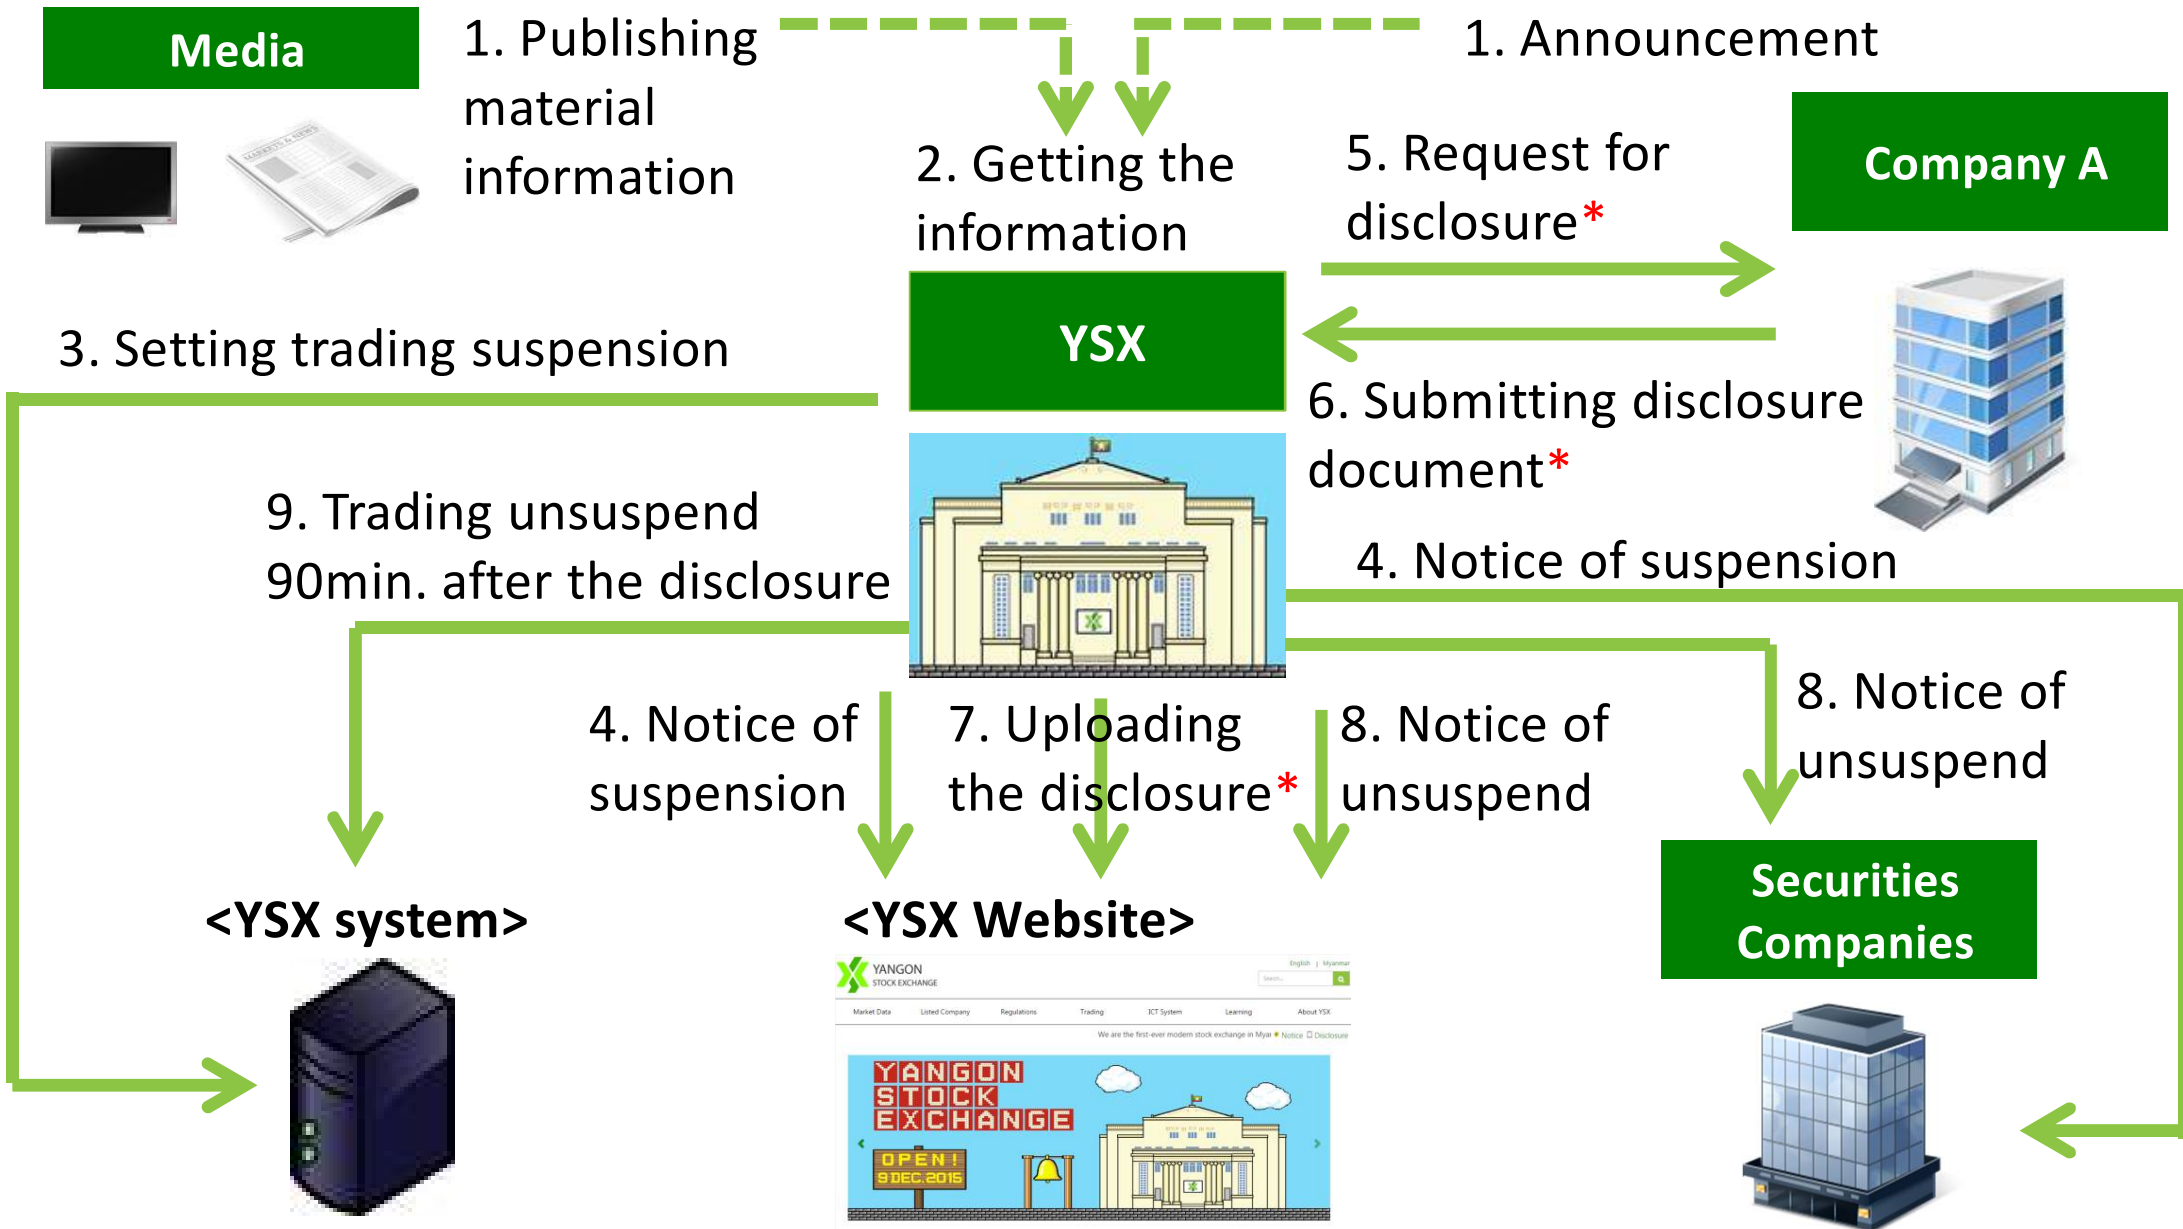

Yangon Stock Exchange Joint-Venture Co., Ltd.

Principle of trading suspension

- In case “**material information**” of a listed company publishes through the company or major media such as newspapers and TV programs, YSX temporally suspends share trading of the company to ascertain the truth of the information.
- “Material information” is deemed having significant impact on making investment decision of investors.
- YSX keeps trading suspension of the shares of the company until the company discloses an official response about the material information via YSX’s website.
- During trading suspension, investors are able to place their order to suspended shares but the orders are not matched at the matching hours.
- YSX unsuspends the trading of the company 90 minutes after the company discloses the information on YSX’s website.
- In case unsuspend time is less than 15 minutes ahead of either matching hours, 11:00 am or 1:00 pm, YSX doesn’t conduct order matching at the hour.

Procedure on trade suspension

* Unnecessary to disclose more information in case the suspension is due to the company's announcement on YSX's website.
