STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR MYANMAR AGRO EXCHANGE PUBLIC COMPANY LIMITED

It is the responsibility of the management to prepare the statements of financial position of **Myanmar Agro Exchange Public Company Limited** (the "Company") as at 30 September 2025 and the condensed statements of comprehensive income, changes in equity and cash flows for the six-month period then ended, and notes to the interim financial statements. In preparing these financial statements, the management is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent.

The management is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company. We have general responsibility for taking such steps as are reasonably open to us to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

On behalf of Management

U Win Aung
Chairman

Report on Review of Condensed Interim Financial Statements

To the members of Myanmar Agro Exchange Public Company Limited

Introduction

We have reviewed the accompanying condensed statement of financial position of **Myanmar Agro Exchange Public Company Limited** (the "Company") as of 30 September 2025 and the related condensed statements of comprehensive income, changes in equity and cash flows for the six-month period then ended, and notes to the condensed interim financial statements ("the condensed interim financial statements"). Management is responsible for the preparation and fair presentation of these condensed interim financial information in accordance with Myanmar Accounting Standard (MAS) 34 Interim Financial Reporting. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements does not give a true and fair view of the financial position of the Company as at 30 September 2025, and of its financial performance and its cash flows for the six-month period then ended in accordance with Myanmar Accounting Standard (MAS) 34 Interim Financial Reporting.

The accompanying notes form an integral part of the Financial Statements.

MYANMAR AGRO EXCHANGE PUBLIC COMPANY LIMITED

NOTES TO THE CONDENSED FINANCIAL STATEMENTS

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. General information

Myanmar Agro Exchange Public Company Limited (the “Company”) was incorporated as a public company in the Republic of the Union of Myanmar under The Myanmar Companies Law on September 14, 2015. The Company’s registration certificate issued by the Ministry of National Planning and Economic Development was 1789/2015-2016 dated 14 September 2015. As per certificate of registration number 112387595, the Company has been re-registered with the new Myanmar Companies Law.

The Company was established by eleven promoters for the purpose of developing and managing Danyingone Wholesale Market. Danyingone Wholesale Market is located at the Corner of Shwe Pyi Thar Bridge Road and Palae Road in Insein Township. In early 2015, Dagon International Limited (DIL) participates in submitting the tender for construction and management of Danyingone Wholesale Market along with other bidders. DIL was awarded the tender on 31 March 2015 by Yangon Regional Government and Yangon City Development Committee (YCDC). One of the tender conditions and commitments given by DIL was that the project will be carried out through a project company which is a public company in nature and will hold 45% interest in such Public company as a promoter/founder, hence the creation of Myanmar Agro Exchange Public Company Limited. After incorporation, DIL was appointed as the main construction contractor for the Danyingone Wholesale Market construction to meet the tender condition clause 5(a), 16 of Yangon Regional Government.

The Company has leased a plot of land of 82.78 acres from Yangon Region Government, YCDC, for 50 years initially with an extended period of 20 years for constructing of Danyingone Wholesale Market. After the completion of the main market building, the Wholesale Market shall be opened and the Company will manage the overall administration of the Market according to the terms of the land lease agreement.

The registered office of the Company is No. 262-264, Pyay Road, Dagon Centre, Block (A), 4th Floor, Myaynigone, Sanchaung Township, Yangon Region, Myanmar.

The Company obtained permit from Myanmar Investment Commission on 25 June 2018 and accordingly entitled to receive income tax exemption starting by that date and it was expired on June 2021.

The Company has been approved to be listed with the Yangon Stock Exchange (Main Board) on 12 June 2023. The listing date of the Company was 3 July 2023. After that, the Company needs to pay corporate income tax of 17% only.

2. Summary of significant accounting policies

The principal accounting policies which have been applied consistently throughout the financial years are summarized below:

MYANMAR AGRO EXCHANGE PUBLIC COMPANY LIMITED
NOTES TO THE CONDENSED FINANCIAL STATEMENTS

2. Summary of significant accounting policies (continued)

A Basis of preparation

The Company has prepared the interim financial statements on the basis that it will continue to operate as a going concern. The Directors consider that there are no material uncertainties that may cast significant doubt over this assumption. They have formed a judgement that there is a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the end of the reporting period.

Interim financial statements do not include all the information and disclosures required in the annual financial statements prepared in accordance with Myanmar Financial Reporting Standards (MFRSs), and should be read in conjunction with the separate financial statements for the year ended 31 March 2025. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual financial statements.

B Foreign currency translation

(1) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of primary economic environment in which the entity operates (the "functional currency"). The financial statements are presented in Kyat, which is also the functional currency of the Company.

(2) Transactions and balances

Foreign currency transactions are translated into the functional currency at the exchange rates prevailing on the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the income statement.

C Investment properties

Investment properties are properties held to earn rental and/or capital appreciation (or both). Investment properties are initially recognized at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

The residual values, useful lives and depreciation method of investment properties are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are included in profit or loss when the changes arise.

The cost of major renovations and improvements is capitalized and the carrying amounts of the replaced components are recognized in profit or loss. The cost of maintenance, repair and minor improvements is recognized in profit or loss when incurred.

Depreciation is calculated using a straight-line method to allocate the depreciable amounts over the estimated useful lives of fifty years.

On disposal of an investment property, the difference between the disposal proceeds and the carrying amount is recognized in profit or loss.

MYANMAR AGRO EXCHANGE PUBLIC COMPANY LIMITED
NOTES TO THE CONDENSED FINANCIAL STATEMENTS

2. Summary of significant accounting policies (continued)

D Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses. The cost includes the cost of replacing part of property, plant and equipment. The cost of an item of property, plant and equipment is recognized as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

When significant parts of property, plant and equipment are required to be replaced in intervals, the Company recognizes such parts as individual assets with specific useful lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the property, plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred.

Depreciation on property, plant and equipment is calculated using the straight-line methods to allocate their depreciable amounts over their estimated useful lives as follows:

	Useful lives (years)
Furniture and fittings	3
Office equipment	2 - 3
Motor vehicle	5
MPT phone line	5
Office building	45.25
Car parking control system	3
Steel lamp & accessories	5
Modular House	3
Site equipment	3
Solar power system	16
Development cost	50

E Intangible asset

An item of intangible asset is stated at cost less any amortization and allowance for value (if any) except for goodwill which is considered to have an indefinite life.

The amortization method is on the straight-line basis.

	Estimated useful lives
Market operation system	3 years
E commerce system	3 years

F Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash in hand and deposits with various local banks.

MYANMAR AGRO EXCHANGE PUBLIC COMPANY LIMITED
NOTES TO THE CONDENSED FINANCIAL STATEMENTS

2. Summary of significant accounting policies (continued)

G Inventories

Inventories are carried at the lower of cost and net realizable value. Cost is determined using the first-in, first-out method. The costs of finished goods and work-in-progress comprise raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity) and borrowing costs. Cost also includes any gains or losses on qualifying cash flow hedges of foreign currency purchases of inventories. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and applicable variable selling expenses.

H Trade and other receivables

Trade and other receivables are initially recognized at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment. Appropriate allowances for estimated irrecoverable amounts are recognized in profit or loss when there is objective evidence that the asset is impaired.

I Deferred tax assets

Deferred tax is calculated by applying income tax on deductible temporary difference, arrived at upon deducting the currying value from tax base amount of property, plant and equipment and investment properties.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income tax relate to the same fiscal authority.

J Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest method.

K Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is more likely than not that an outflow of resources will be required to settle the obligation; and a reliable estimate of the amount of the obligation can be made.

L Share capital

Ordinary Shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognized as a deduction from equity, net of any tax effects.

M Dividends

Dividends to the Company's shareholders are recognized when they become legally payable.

MYANMAR AGRO EXCHANGE PUBLIC COMPANY LIMITED
NOTES TO THE CONDENSED FINANCIAL STATEMENTS

2. Summary of significant accounting policies (continued)

N Income taxes

Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

O Revenue

The recognition of revenue is as follows:

- (i) For the sale of Shop Houses, revenue is recognized when the construction is 80% and above completed or more than 80% of the sales value has been received from the buyer.
- (ii) For the medium-sized wholesale units, revenue is recognized using the percentage of completion method.
- (iii) For the rest, revenue is recorded on an accrual basis. Sales comprise the fair value of the consideration received or receivable for the sale of goods and rendering of services in the ordinary course of the Company's activities.

P Comparatives

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

3. Significant accounting judgments and estimates

The preparation of the Company's financial statements in conformity with MFRSs requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses) assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

4. Financial risk management

The Company's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Company's business whilst managing its risks. The main areas of financial risks faced by the Company and the policy in respect of these risks are set out as follows:

(a) Foreign exchange risk

There is no foreign exchange risk during the reporting period. The Company had minimized the foreign currency balance in bank to avoid from unexpected losses for the foreign exchange rate fluctuations.

(b) Credit risk

There are carrying amount of bank deposits, other receivables, prepayment and deposits included in the financial statements of the company. However, the Company had made necessary arrangement by laying down policy so that risk is at a minimum.

MYANMAR AGRO EXCHANGE PUBLIC COMPANY LIMITED
NOTES TO THE CONDENSED FINANCIAL STATEMENTS

4. Financial risk management (continued)

(c) Market risk

The Company is operating in Yangon and there is no impact of movement in foreign market risk.

(d) Liquidity and cash flow risks

The Company monitors and maintains a level of bank balances deemed adequate by the directors to finance the operation and mitigate the effects of fluctuation in cash flow.

5. Capital management

The Company's capital management major objective is to ensure that it maintains a strong credit rating and working capital ratios to support its business developments and maximize shareholder value.

The Company manages its capital structures and ensures that it meets its financial obligations as they fall due.

6. Investment properties - Buildings

	30 September 2025 MMK'000	31 March 2025 MMK'000
<i>Cost</i>		
Balance at beginning of the period / year	20,923,288	13,023,372
Additions	1,049,097	7,899,916
Balance at end of the period / year	21,972,385	20,923,288
<i>Accumulated depreciation and impairment losses</i>		
Balance at beginning of the period / year	1,793,928	1,458,642
Depreciation for the period / year	228,268	335,286
Balance at end of the period / year	2,022,196	1,793,928
<i>Net book value</i>	19,950,189	19,129,360

Investment properties are rented to non-related parties.

Bank borrowing is secured on investment properties (buildings) of the Company.

The following amounts are recognized in the income statement:

	30 September 2025 MMK'000	30 September 2024 MMK'000
Rental income (Note 21)	3,886,307	3,350,057
Direct operating expense assigning from:		
- investment properties that generate rental income (Note 23)	346,024	323,819
- investment properties that do not generate rental income	—	—

The term of the contract between the Company and YCDC is fifty years, first extension period is ten years and second is ten years, and the buildings are to be transferred to YCDC at the expired date. Therefore, investment property is measured at cost less accumulated depreciation and amortization.
