**STATEMENT BY DIRECTORS**  
**OF**  
**AMATA HOLDING PUBLIC COMPANY LIMITED AND ITS SUBSIDIARIES**  
**FOR THE YEAR ENDED 31 MARCH 2026**

The Group's directors are responsible for the preparation and fair presentation of the consolidated financial statements, comprising the consolidated statement of financial position as at 31 March 2026, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the statement of cash flows for the year then ended, and the notes to the financial statements, which include a summary of significant accounting policies and other explanatory notes, in accordance with International Financial Reporting Standards (IFRS) and the provisions of Myanmar Companies Law 2017 ("the Law") and for such internal controls as the directors determine are necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Under the Myanmar Companies Law 2017 ("the Law"), the directors are required to prepare the consolidated financial statements for each year that give a true and fair view of the state of affairs of the Group as at the end of the financial year and of the operating results of the Group for that year. It also requires the directors to ensure the Group keeps proper accounting records according to Section 258 of Myanmar Companies Law 2017 that disclose with reasonable accuracy of the consolidated financial position of the Group. The directors are also responsible for safeguarding the assets of the Group and to prevent and detect fraud and other irregularities.

The directors have made an assessment of the Group's ability to continue as a going concern and have no reason to believe the Group will not be a going concern for the next twelve months from the date of this Statement.

The Board of Directors has, on the date of this Statement, authorised these financial statements for issue.

On behalf of the Board of Directors,

### **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS**

#### **OF**

### **AMATA HOLDING PUBLIC COMPANY LIMITED AND ITS SUBSIDIARIES**

#### **FOR THE YEAR ENDED 31 MARCH 2026**

#### **Qualified Opinion**

We have audited the consolidated financial statements of **Amata Holding Public Company Limited** (“the Company”) and its **Subsidiaries** (“the Group”), which comprise the consolidated statement of financial position of the Group as at 31 March 2026, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows of the Group for the year then ended and a summary of significant accounting policies and other explanatory notes.

In our opinion, except for the effects of adjustments if any, arising from the matters described in basis for qualified opinion, the consolidated financial statements of the Group are properly drawn up in accordance with International Financial Reporting Standards (IFRS) and the provisions of Myanmar Companies Law 2017 (“the Law”), so as to give a true and fair view of the state of affairs of the Group as at 31 March 2026 and of the results, changes in equity and cash flows of the Group for the year then ended.

#### **Basis for Qualified Opinion**

Based on our audit, we noted as follows;

Land lease agreement for “Amata Resort and Spa (Andaman)” was made between Taninthayi Region Government, Republic of the Union of Myanmar (Lessor) and Amata International Company Limited (Lessee) on 28 March 2016.

It has been vividly stated in the land use agreement of Amata Resort and Spa (Andaman), not to transfer or sub-lease the agreed right and obligation to other person or organization.

The management of the Group intention for the land is to be sub-leased to United International Group Limited from Amata International Company Limited. So, the Company is in process for applying the sub-leasing approval from Taninthayi Region Government, Republic of the Union of Myanmar.

The approval of sub-leasing from the Government Authority has not yet received at the time of this report.

As such, we report in notes to the consolidated financial statements as follows;

#### **Notes no. 4: Property, Plant & Equipment**

The Group has recognised the Amata Resort and Spa (Andaman) hotel constructed on the land referred to above, as property, plant and equipment. However, the required approval of sub-lease from Taninthayi Region Government had not yet been received. Accordingly, we were unable to verify the Group's control over and right to use of hotel constructed on this land.

### **Notes no. 6: Right-of-Use Assets**

As included of the right-of-use assets MMK 415,905 (in thousands) in the consolidated statement of financial position, depreciation increased by MMK 6,932 (in thousands) for this year. Land lease agreement for Amata Resort and Spa (Andaman) was not available to review the right to direct use of this land/approval for sub-leasing of land use, permission of construction, rights and obligation of the Company, lease period, annual rental fees, etc. during the course of audit.

### **Notes no. 21: Finance Lease Obligation**

As included of the finance lease obligation MMK 461,341 (in thousands) in the consolidated statement of financial position, interest expenses increased by MMK 59,976 (in thousands) for this year. Land lease agreement for Amata Resort and Spa (Andaman) was not available to review the right to direct use of this land/approval for sub-leasing of land use, permission of construction, rights and obligation of the Company, lease period, annual rental fees, etc. during the course of audit.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Myanmar, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards (IFRS) and the provisions of Myanmar Companies Law 2017 ("the Law") and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

### **Auditor's Responsibility for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### Report on Other Legal and Regulatory Requirements

Further to our opinion, we report as follows:

- (a) The proper books of account have been kept by the Group in accordance with the provisions of the Section 258 of the Law.
- (b) In accordance with the provisions of Section 280 (b) (i) and (ii) of the Law:
  - we have obtained all the information and explanations we have required; and
  - the financial statements are drawn up in conformity with the provisions of the Law.

### 2. Basis of Preparation of the Financial Statements

#### (a) Statement of Compliance

The consolidated financial statements are prepared in compliance with International Financial Reporting Standards (“IFRS”) and the provision of Myanmar Companies Law 2017 (“the Law”).

#### (b) Basis of Measurement

The consolidated financial statements have been prepared on the historical cost basis.

#### (c) Use of Estimates and Judgements

The preparation of the consolidated financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

**Impairment**

Management has to make certain assumptions and estimates that may substantially impact the presentation of the Group's financial position and / or results of operations. Such estimates, assumptions or the exercise of discretion mainly relate to the useful life of non-current assets, revenue, costs, future cash flows and the discounted cash flows used for impairment testing.

Essential estimates and assumptions that may affect reporting in property, plant and equipment, intangible assets and right-of-use assets of the financial statements are described in this Notes No. 4, 5 and 6.

Changes in assumptions or circumstances could require changes in the carrying amounts. This could lead to the recognition of additional impairment losses in the future.

**(d) Going Concern,**

As at 31 March 2026, one of the subsidiaries of the Group, United International Group Limited ("UIG"), had current liabilities exceeding its current assets by MMK 43,626,498 (in thousands). The financial statements were prepared on the going concern basis on the assumption that its shareholders will continue to provide the necessary financial support to enable it to continue its operations as a going concern. Should the Company be unable to continue as going concern, provisions would then have to be made for any losses that might arise in the realization of the Company's assets other than on a going concern basis and to reclassify non-current assets as current assets. No such adjustments have made in these financial statements.

**(e) Basis of Consolidation**

***(a) Subsidiaries***

Subsidiaries are entities (including special purpose entities) over which the Group has power to govern the financial and operating policies so as to obtain benefits from its activities, generally accompanied by a shareholding giving rise to a majority of the voting rights. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are consolidated from the date on which control ceases.

In preparing the consolidated financial statements, transactions, balances and recognized gains on transactions between group entities are eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non- controlling interests are that part of the net results of operations and of net assets of a subsidiary attributable to the interests which are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity and statement of financial position. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this the results in the non-controlling interests having a deficit balance.

***(b) Associated companies***

Associated companies are entities over which the Group has significant influence, but not control, generally accompanied by a shareholding giving rise to voting rights of 20% and above but not exceeding 50 %. Investments in associated companies are accounted for in the consolidated financial statements using the equity method of accounting less impairment losses.

***(c) Equity method of accounting***

In applying the equity method of accounting, the Group's share of its associated companies' post-acquisition profits or losses are recognized in profit or loss and its share of post-acquisition other comprehensive income is recognized in other comprehensive income. These post-acquisition movements and distributions received from the associated companies are adjusted against the carrying amount of the investments. When the Group's share of losses in an associated company equals to or exceeds its interest in the associated company, including any other unsecured non-current receivables, the Group does not recognize further losses, unless it has obligations to make or has made payments on behalf of the associated company.

Unrealised gains on transactions between the Group and its associated companies are eliminated to the extent of the Group's interest in the associated companies. Unrealised losses are also eliminated unless the transactions provide evidence of impairment of the assets transferred. The accounting policies of associated companies have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

***(d) Investment in associate***

Investment in associated is initially recognized at the transaction price (including transaction costs) under the equity method of accounting and carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the date of acquisition. The investor's share of the profit or loss of the investee is recognized in the investor's profit or loss. Distributions received from and investee reduces the carrying amount of the investment.

**3. Significant Accounting Policies**

The accounting policies set out below have been applied consistently to all periods presented in the consolidated financial statements.

**(a) Foreign Currency Translation**

The Company maintains its accounting records in Myanmar Kyats. The financial statements are presented in Myanmar Kyats (MMK), which is functional and presentation currency of the Company.

Transactions in foreign currencies other than MMK are translated to the functional currency at the monthly group exchange rate.

All monetary assets and liabilities denominated in foreign currencies other than Myanmar Kyats outstanding at the reporting date are translated to the functional currency at the exchange rate of MMK 2,100.00 per US\$ 1.

Currency translation differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the reporting date are recognised in the statement of profit or loss and other comprehensive income.

**(b) Cash and Cash Equivalents**

Cash and cash equivalents in the statements of financial position comprise cash in hand and cash at bank balances.

**(c) Trade and Other Accounts Receivables**

Trade and other accounts receivables are stated at the invoice value less allowance for doubtful debt.

The allowance for doubtful accounts is established at 10% of trade and other accounts receivable balances that remain overdue for 365 days or more as of the reporting date.

**(d) Inventory**

Inventory is measured at the lower of cost and net realised value.

Cost is calculated using the first in first out principle, and comprises all costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realised value is the estimated selling price in the ordinary course of business less the estimated costs to complete and to make the sale.

**(e) Property, Plant and Equipment**

***Owned assets***

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses except for building that are presented at revalued value.

Costs include expenditure that is directly attributable to the acquisition of the assets. The cost of self-constructed assets includes the cost of materials and direct labour, any other cost directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and capitalized borrowing costs, purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net in profit or loss.

***Revalued assets***

Revaluations are performed by independent professional valuers with sufficient regularity to ensure that the carrying amount of these assets does not differ materially from that which would be determined using fair values at the reporting date.

Any increase in value, on revaluation, is recognized in other comprehensive income and presented in the revaluation reserve in equity unless it offsets a previous decrease in value recognized in profit or loss in respect of the same asset. A decrease in value is recognized in profit or loss to the extent it exceeds an increase previously recognized in other comprehensive income for the same asset. Upon disposal of a revalued asset, any related revaluation surplus is transferred directly to retained earnings and is not taken into account in calculating the gain or loss on disposal.

***Subsequent costs***

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred.

**Depreciation**

Depreciation is calculated based on the depreciable amount, which is the cost of an asset, or other amount substituted for cost.

Depreciation is charged to profit or loss on a straight – line basis over the estimated useful lives of each component of an item of property, plant and equipment. The estimated useful lives are as follows:

|                         | <b>Useful Lives</b>     |
|-------------------------|-------------------------|
| -Building               | 60, 58, 56, 49,20 years |
| -Balloon (15 units)     | 7 years                 |
| -Plant and machinery    | 5 years                 |
| -Furniture and fixtures | 5 years                 |
| -Office equipment       | 3 years                 |
| -Vehicle                | 5 years                 |
| -Operating equipment    | 3 years                 |

Depreciation method, useful lives and residual values are reviewed at each financial year- end and adjusted if appropriate. Useful life of building depends on the land lease agreement.

**(f) Intangible Assets**

Intangible assets are measured at cost less accumulated amortization and accumulated impairment losses. Intangible assets are amortized on a straight –line basis from the date the asset is available for use and over its estimated useful lives of 3 years.

**(g) Goodwill**

Goodwill is initially measured at cost (being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests and any previous interest held over the net identifiable assets acquired). If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the gain is recognized in profit or loss.

**(h) Leases**

An agreement whereby the lessor conveys to the lessee in return for a payment or series of payments the right to use an asset for an agreed period of time.

**Finance lease:** A lease that transfers substantially all the risks and rewards incidental to ownership of an asset. Title may or may not eventually be transferred.

**Operating lease:** A lease other than a finance lease.

**As a lessee**

Finance leases that transfer to the Group substantially all of the risks and benefits incidental to ownership of the leased item, are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in finance costs in profit or loss.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognized as an operating expense in profit or loss on a straight-line basis over the lease term.

**(i) Trade and Other Payables**

Trade and other accounts payable are stated at cost.

**(j) Share Capital**

***Ordinary shares***

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

**(k) Revenue**

Revenue excludes commercial taxes and is arrived at after deduction of trade discounts.

***Revenue from hotel operations***

Hotel revenue from room, food and beverage and other services are recognised when the rooms are occupied, food and beverage are sold and the services are rendered.

***Revenue from Ballooning operations***

Rental and related services income are recognized in profit or loss as the services are provided.

**(l) Lease Payments**

Payments made under operating leases are recognized in profit or loss on a straight line basis over the term of the lease.

Contingent lease payments are accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment is confirmed.

***Determining whether an arrangement contains a lease***

At inception of an arrangement, the Group determines whether such arrangement is or contains a lease. A specific asset is the subject of a lease if fulfilment of the arrangement is dependent on the use of that specified asset. An arrangement conveys the right to use the asset if the arrangement conveys to the Group the right to control the use of the underlying asset.

At inception or upon reassessment of the arrangement, the Group separates payments and other consideration required by such an arrangement into those for the lease and those for other elements on the basis of their relative fair values. If the Group concludes for a finance lease that it is impracticable to separate the payments reliably, an asset and a liability are recognized at an amount equal to the fair value of the underlying asset. Subsequently the liability is reduced as payments are made and an imputed finance charge on the liability is recognized using the Company's incremental borrowing rate.

**(m) Income Tax**

Income tax expense for the year comprises current and deferred tax. Current and deferred taxes are recognized in the statement of income except to the extent that they relate to a business combination, or items recognized directly in equity.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purpose and the amounts used for taxation purposes. Deferred tax is not recognized for the following temporary differences: the initial recognition of goodwill and the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss.

Deferred tax is measured at the rates that are expected to be applied to the temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

In determining the amount of current and deferred tax, the Group takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgements about future events. New information may become available that causes the Group to change its judgement regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

Deferred tax assets and liabilities are offset if a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis on their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

**(n) Impairment of Financial Assets**

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or the Group of financial assets is impaired. A financial asset is impaired and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset ("a loss event") and that loss event (or events) has an impact on the estimated future cash flows of the financial assets or the Group of financial assets that can be reliably estimated.

**(o) Related Parties**

For the purpose of these financial statements, parties are considered to be related to the Group if the Group has the ability, directly or indirectly to control or joint control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

- “Amata Resort and Spa (Andaman)” is situated on “Poni” island Myeik (Mergui) Archipelago area which is the 50 years (extendable 2 times for 10 years each) land lease agreement (dated 28 March 2016) between Taninthayi Region Government, Republic of the Union of Myanmar (Lessor) and Amata International Company Limited (Lessee).

It has been vividly stated in the land use agreement of Amata Resort and Spa (Andaman), not to transfer or sub-lease the agreed right and obligation to other person or organization.

The Company’s management intention for the land is to be sub-leased to United International Group Limited from Amata International Company Limited. So, the Company is in process for applying the sub-leasing approval from Taninthayi Region Government, Republic of the Union of Myanmar.

During the accounting period ended 31 March 2022, Amata Resort and Spa (Andaman) hotel is in operation, and land lease for this hotel amount MMK 464,427 (in thousands) was recorded in finance lease obligation as initial lease liability. However, the Company has no land lease agreement with Amata International Company Limited for land lease to review approval for sub-leasing of land use, permission of construction, right and obligation of the Company, lease period, annual rental fees, etc. during the course of audit.

As a result of this, the interest expenses of hotel increased by MMK 59,976 (in thousands) for this year. (Notes 4 and 6)

- The amendment of land lease contract between Ministry of Environmental Conservation and Forestry and United International Group Limited was made on 21 November 2024. As per amendment of land lease contract, the annual lease fee for Amata Garden Resort (Inle Lake) was increased from MMK 3,845,600 to MMK 7,866,000. And the rental rate shall be reviewed

**29. Impairment Loss**

Its subsidiary – United International Group Limited, the impairment loss of “Amata Resort and Spa – Ngapali” was caused by the residual effects of the Covid-19 pandemic and the recent changes in the Rakhine State.

Amata Resort and Spa – Ngapali, operated by United International Group Limited, conducted an unscheduled impairment test in March 2026, resulting in the recognition of in following impairments:

|                               | <b>MMK'000</b> |
|-------------------------------|----------------|
| Property, Plant and Equipment | 81,968         |

| Sales volume growth rate                | Revenue growth of 8% per annum has been applied following the reopening of the resort, reflecting management's expectation of a gradual recovery in tourism demand and hotel operations.                                                                                                              |
| Room price growth rate                  | Room rates are projected to increase by 8% per annum following reopening, taking into account anticipated inflation and expected market conditions.                                                                                                                                                   |
| Operating costs                         | Operating costs have been estimated based on the expected operating structure of the resort following reopening and adjusted for projected inflation. During the closure period, only essential costs required to preserve and maintain the property have been included in the cash flow projections. |
| Renovation expenditure                  | Management expects significant refurbishment and renovation work to be completed before the resort resumes operations. The forecast includes the estimated expenditure required to restore the property to an operational condition.                                                                  |
| General inflation rate                  | The forecast incorporates inflation assumptions of 24% for FY2026-27, 16% for FY2027-28 and 13% for FY2028-29 onwards. These assumptions are based on management's assessment of the expected macroeconomic environment and are reflected in the projected operating costs and future cash flows.     |
| Discount rate and long-term growth rate | The value-in-use calculation applies a pre-tax discount rate of 15% and a long-term growth rate of 10%, which management considers appropriate after taking into account the specific risks associated with the CGU and the long-term outlook for the hospitality industry in Myanmar.                |

### **32. Impairment – Non-financial Assets**

The carrying amounts of the Group's non-financial assets should be reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the assets' recoverable amounts are estimated. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit (CGU) exceeds its estimated recoverable amount.

On 31 March 2026, the Group reviewed all hotels for impairments, Amata Garden Resort-Bagan, My Bagan Residence by Amata, Amata Garden Resort-Inle and Amata Resort and SPA (Andaman) have not experienced any impairment.

### **33. Cash Flow Projection Structure and Prospective Financial Information**

The cash flow projections were prepared based on management's best estimates and key assumptions, including:

- The expected recovery and growth of the Group's hotel operations;
- The anticipated improvements in occupancy rates and operating performance;
- The projected growth in revenue from the Group's hospitality business;
- The planned implementation of cost-control and operational efficiency initiatives;
- The forecast capital expenditure for maintenance and renovation;
- The scheduled settlement of financial obligations; and
- The continued financial support of the Directors, if necessary.

The forecast also incorporates the proposed restructuring and settlement of the Group's financial obligations under the Debt Resolution Agreement with the International Finance Corporation ("IFC"), together with the anticipated financial support from the Directors, if required.

Based on the projected and assumptions, the Directors have concluded that the Group will generate sufficient cash flows and maintain adequate liquidity to meet its obligations as they fall due for the foreseeable future.

A summary of the Group's five-year projected cash flows is presented below.

The five-year cash flow projection indicates positive operating cash flows and an improving cash position throughout the forecast period.

However, as these projections relate to future events and conditions, actual results may differ from those forecasts. Such variances may arise from changes in economic conditions, market demand, tourism recovery, financing arrangements, and other factors beyond the Group's control.

### **34. Financial Risk Management**

The Group's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Group's business whilst managing its risks. The main areas of financial risks faced by the Group and the policy in respect of the major areas of treasury activity are set out as follow:

#### ***Foreign exchange risk***

The Group may have foreign exchange loss for the translation of foreign exchange transactions, assets or liabilities which are denominated in foreign currencies.

#### ***Interest rate risk***

The Group entered into a loan facilities agreement with International Finance Corporation (IFC) with variable interest rate – sum of the relevant spread and SOFR.

The Group may face the risk of paying higher interest rates in the future, depending on how the market conditions change. Interest rate risk can affect the Company's cash flow, profitability and finance planning. To coverage for that risk, the management reviews every six months.

#### ***Liquidity and cash flow risks***

The Group monitors and maintains a level of bank balances deemed adequate by the directors to finance the operation and mitigate the effects of fluctuation in cash flow.

#### ***Operational risk***

Operational risk, which is inherent in all business activities, is the potential for financial loss, and business instability arising from failures in internal controls, operational process or the systems that support them.

The goal of operational risk management is to balance cost and risk within the constraints of the risk appetite of the Group and to be consistent with the prudent management required of an organization.

It is recognized that such risks can never be entirely eliminated and that the cost of controls in minimizing these risks may outweigh the potential benefits. Accordingly, the Group continues to invest in risk management and mitigation such as business continuity management and incident management. In reinforcement of the implementation of the Company's risk strategy, independent checks on risk issues are undertaken by the internal audit function.

#### ***Legal risk***

Legal risk is the risk that the business activities of the Group have with unintended or unexpected legal consequences. It includes risk arising from:

- Inadequate documentation, legal or regulatory incapacity, insufficient authority of a counterparty and uncertainty about the validity or enforceability of a contract in counterparty insolvency;
- Actual or potential violations of law or regulation which may attract a civil or criminal fine or penalty;
- Failure to protect the Company's property; and

- The possibility of civil claims (including acts or other events, which may lead to litigation or other disputes).  
The Company identifies and manages legal risk through effective use of its internal and external legal advisers.

***Tax risk***

Tax risk is the risk of loss or increased charges associated with changes in, or errors in the interpretation of, taxation rates or law.
